"...making a difference now and eternally" Vol. 5, Issue 11, April 15, 2010

**Vacation Break** We have reached a needed rest point in our "crazy" schedule with Spring Vacation Week now here. With one busy graduation quarter to go we want to make you aware of a number of exciting things remaining for this school year...and coming for next. Thanks for your support of Dayspring. Thanks also to all who are supporting our special efforts such as the nearly 500 parents, families and friends who attended the PETER PAN performances. High fives to all who participated or helped!

**Re-Enrollment Report** Thanks to all the families that are re-enrolled in response to our requests. We have yet to hear from about 35% of you...understanding from some that a bit more time is needed for registration \$'s, especially in these 'special' times (you have until May 1<sup>st</sup>). There's room. To date we see significant changes in the demographics with fewer Pre School students (likely due to parent choices), but a solid commitment to our elementary and MS programs. This gives chance to improving our middle school program and continuing to look at starting our high school program with a 9<sup>th</sup> grade. Anyone looking for a faith-based high school program could get you a \$150- referral bonus by bringing new students to Dayspring. We are planning more open houses this spring.

## Notices

- **Spring Pictures** Please review the packets sent home, select what you like, pay for them and send the envelopes, with orders or money BACK. The pictures are not free and we must account for them to Lifetouch.
