"We love you..." Important Messages

Re-Enrollment

Where are you? Please don't wait until the last moment to re-enroll, as DCA will be confirming new applicants to Dayspring beginning March 1st...and we have a goodly number. The registration fee for re-enrollment goes to \$250.00 on April 1st. Also, let us know if for any reason your child will not be returning to free up slots we've reserved for current families. PLEASE DON'T DELAY as we need to plan for more room and additional teachers. Next OPEN HOUSE is Saturday, March 8th, 9 to 12. Also, remember the \$300 referral bonus to DCA families. Grow with us!

SPACE DAY - NASA Astronaut Visit

We're going to have a real **BLAST** on Thursday, February 28th! The entire day will be devoted to a visit by Commander John B. Herrington of NASA...see (http://www.srkrelations.com/index_files/Page317.htm), along with a number of fun events including: a sky lab planetarium; a space museum in our library; a rocket demonstration in the parking lot; and continuous space movies throughout the day. Other surprises will be announced including a presentation to the NE Patriots.

Floor US Work and Need

NO SCHOOL - February Vacation, week of February 18th. During the week the first floor corridors will be tiled and all staircases re-carpeted, exhausting our flooring budget. Classrooms are next and we need your help! As contributions come in from classes (buy-a-classroom) we will renew each room...so please "step on it".

PAC Meeting Reminder

PAC Meeting (Daytime)

First Tuesday of the month @ 3 PM

Our first afternoon meeting was well attended and very creative. The name has been changed from PTA to PAC (Parent Advisory Council) and has as its first task to establish a good, "room mothers," communication system. Lots to plan and do as we head into the back half of the school year.

Other Stuff

REPORT CARDS: Your administration has taken the time to review the report cards of all children at DCA. You will receive a letter if we have any concerns, otherwise, keep up the good work.

SURVEYS: We are compiling the results from the Progress Surveys recently sent. You really want DCA to add high school and extend aftercare to 6 PM.

SICKNESS: From the nurse, "It's SNOT funny, we're sick of it!"

VACATION: Have a great mid-winter holiday...get rested and well.

"Excellence is achieved by practice"
